

Sources Community Resource Society

...is a community-based non-profit agency. We are fully accredited by the Council on Accreditation for Children and Family Services. We have been a source of support to individuals and families coping with isolation, addiction, poverty, disability, and conflict for well over a century. We have been a source of help, a source of encouragement, and a source of hope. We have continually expanded our services to respond to the needs of children, youth and families, persons with disabilities, and seniors. We now serve individuals and families that reside throughout the Lower Mainland and Northern BC.

Our Commitment remains the same—to be a source of support to you—to promote social wellness for our community.

Office Hours by Appointment

The Behaviour Analysis and Consultation (BAC) Services program is designed to cover a wide range of services for persons with a wide range of neurodevelopmental needs, including Autism, trauma, attachment disruption, and mental health where behavioural challenges are causing functional impairment in the home, school, or community. The BAC program provides families of children with Autism in rural and remote communities' access to RASP qualified professionals to assess, develop Intervention Plans, and oversee Behaviour Intervention funded through MCFD's Autism Funding Program. The BAC program also provides in home Consultation to address challenging behaviours. Upon intake, families undergo and initial needs assessment to determine their level of need. Families can then access caregiver training, a Behaviour Analyst to conduct a Functional Behaviour Assessment and create a Positive Behaviour Support Plan, or a combination of both. The BAC program provides a multi-tiered behaviour support model, in rural and remote communities, that allows staff to tailor services around each family's unique needs.

Eligibility*

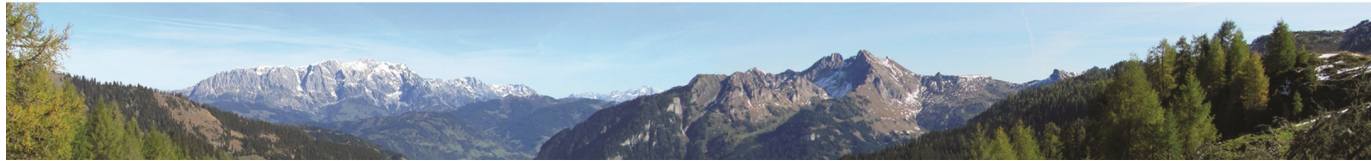

The Behaviour Analysis and Consultation program serves children and youth (aged 4-18) with one or more of the following:

- Neurodevelopmental Disorders
- Persistent emotional, mental health, developmental and/or behavioural needs that cause functional impairment in the home, school or community.
- Who are eligible for the Ministry's Children and Youth with Special Needs Family Support Services (Autism Funding Programs, At home Program, or child or Youth with Developmental or Intellectual Disability)
- Who may have experienced adverse life events including trauma, neglect, abuse and /or separation and loss which contribute to behavioural challenges.

Children younger than age 4 may be served if:

- The services are augmenting services through the Autism Funding Program and they require an assessment by RASP list consultant;

** some restrictions to age and geographic location do exist. Please talk to program staff for details.*

Referrals

This program is free to eligible families.

Referrals for services to help augment the autism funding program may come directly from families.

All other referrals to the Behaviour Analysis and Consultation program must come through the Ministry of Children and Family Development, or staff of a delegated Aboriginal agency. If you are interested in accessing the service, please contact your MCFD worker to discuss a referral.

Service Locations

Services can be provided throughout Northern British Columbia, including Haida Gwaii and rural and remote communities.

*Augmenting Autism Funding services are provided in any community except Prince George.

Program Highlights

- Provide assessment and Intervention Plan development so that families can effectively use their Autism Funding to support their child/youth.
- Provide behavioural support for families and individuals with Autism, FASD, Trauma, Attachment, and other complex developmental conditions.
- Behaviour Analytic based parent training on teaching new skills and reducing challenging behaviour.
- Functional Behaviour Assessment and development of Comprehensive Positive Behaviour Support Plans to help caregivers directly address specific challenging behaviours occurring in the home and community.
